RE: Weapon on School Grounds on November 7, 2023

Dear NMA Parents and Families,

Today, New Millennium Academy (NMA) was made aware of a weapon on our school grounds at 1:35PM. School safety is our top priority and NMA has taken the necessary actions to ensure that our school community is safe.

Upon receiving information about the weapon on our school grounds:

Administrators immediately were able to locate the student and the weapon.

Administrators contacted Brooklyn Center Police Department where they completed their full investigation and determined that the school was safe.

Administrators conducted an internal investigation alongside law enforcement and interviewed all persons involved.

Followed up with disciplinary actions and informed families of persons involved.

We thank our students who were brave enough to come forth and share the information with our school leaders directly, which allowed us to handle the situation efficiently and without incident.

Lastly, I ask that all families talk to their child about the importance of school safety. Bringing weapons of any kind - even toys - are not allowed and against the law and having one can result in serious consequences.

Thank you for your partnership in keeping our school community safe. If you have any questions or concerns, please reach out to me at 763-235-7900.

Thank you,

Thomas Thao
Interim Executive Director and Principal
